Note-1

Notes attached to and forming part of the Company's Financial Statements as at and for the period ended 31st March 2021

(A) SIGNIFICANT ACCOUNTING POLICIES:

1 Corporate Information:

Fabino Life Sciences Limited is a Public Limited Company domiciled in India having place of business at 105, 1ST FLOOR D - BLOCK, Central Market Prashant Vihar and incorporated under the provisions of Company Act, 1956. The Company is engaged in the trading of medicines.

2 Basis Of Preparation:

The Financial Statements of the Company have been Prepared in accordance with Generally Accepted Accounting Principles in India (Indian GAAP). The Company has prepared these financial statements to comply in all Material respects with the Accounting Standards Notified under the Companies (Accounting Standards) Rules, 2006 (as amended) and the relevant provisions of the Company Act, 2013. The Financial Statements have been Prepared on an accrual basis under the historical cost convention and on the Accounting Principle of Going Concern Concept.

3 Use of Estimates:

The Preparation of financial Statements in conformity with General Accepted Accounting Principles requires management to make estimates and assumptions that affect the reported Amount of Assets and Liabilities and disclosure of Contingent Liabilities at the date of financial Statements and the results of operations during the reporting period end. Although these estimates are based upon the management's best knowledge of current events and actions, Actual results could differ from these estimates.

4 Fixed Assets and Depreciation:

Fixed assets are calculated as per the schedule II of the Companies Act, 2013 and carried at cost less accumulated depreciation and impairment losses, if any. The cost of fixed assets includes interest on borrowings attributable to acquisition of qualifying fixed assets up to the date the asset is ready for its intended use and other incidental expenses incurred up to that date. Subsequent expenditure relating to fixed assets is capitalized only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

5 Inventories:

- a) Stores and spares are valued at cost. Inventories are valued at the lower of cost (on FIFO basis) and the net Realizable value after providing for obsolescence and other losses, where considered necessary. Cost includes all charges in bringing the goods to the point of sale, including octroi and other levies, transit insurance and receiving charges. Work-in-progress and finished goods include appropriate proportion of overheads and, where applicable, excise duty.
- b) Net Realizable value is the estimated Selling price in the ordinary course of business less estimated costs of completion and estimated costs necessary to make the Sale.
- c) As stated the Inventories are valued at the lower of cost (on FIFO basis) and the net Realizable value. However the inventories are not inclusive of Duties & Taxes, yet there is no effect on Profits.

6 Revenue Recognition:

- a) Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the Revenue can be reliably measured.
- b) **Sale of Goods:** Revenue from sale of goods is recognized when all the risks and rewards of ownership of goods have been passed to buyer, usually on delivery of the goods. Sales are being accounted for at Gross Sales value excluding Duties & Taxes thereon. Duties & Taxes have been accounted for separately through Duties & Taxes A/c under Current Liabilities. The Company collects Duties and Taxes including Sales taxes and Value added taxes (VAT) and Goods and Service Tax (GST) on the behalf of the government and therefore, these are not economic benefits flowing to the Company. Hence, they are excluded from revenue.

7 Taxation:

- a) **Current Taxes:** Current Income Tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act, 1961. The provision for Current Tax is based on the elements of Income and expenditure as reported in the financial statements and computed in accordance with the provisions of the Indian Income Tax Act, 1961.
- b) **Deferred Taxes:** Deferred Tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognized only to the extent that there is reasonably certainty that sufficient future taxable income will be available against which such deferred tax asset can be realized. In situations where the company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.
